

Dry Ice Effect Machine

TL-SL622

Feature:

- * Preheating time: 15 minutes.
- * Fog output: 25000 cubic feet per minute.
- * Coverage: 80-200 square meters.

Specifications:

Model	TL-SL622
Input voltage	AC 110-240V 50Hz, 3500W
Control mode	Power control
Water capacity	4L
Protection level	IP20
Product size (L×W×H)	860×470×590mm
Package size (L×W×H)	940×530×570mm
Gross weight	29kg
Net weight	26.5kg
